New York Telephone Company has approved the fifth supplemental agreement to Contract WTC-113.00 for the spray-on fireproofing of Tower B. This approval is subject to incorporation of the following clarifications:

A. Paragraph A (1) Page 56, after the word "trusses", insert "located in the 10th, 11th and 12th Floor ceiling of Tower B."

B. Paragraph 11, Page 137, add the following sentence:

"Cafco Mark II (hard finish) overspray shall be used to finish all Telco trusses on the ceilings of the 10th, 11th and 12th Floors Tower B."

Please advise contractor to proceed immediately with this work.
